

HITCO CARBON COMPOSITES, INC.

Thrust Reverser Heat Shields

A319/A320/A321

A319-131, A319-132, A320-231, A320-232, A320-233, A321-131.

They are part of the IAE CMM-TR-V2500-11A Part Numbers 740-7002 and 745-7002. (ATA chapter 78.)

MD-90-30

They are part of the IAE CMM-TR-V2500-31A. (ATA Chapter 78)

HITCO CARBON COMPOSITES, INC. is a world leader in the design and manufacture of specialty insulation components fabricated from a wide range of high temperature fabrics, nonwovens and metal foils.

HITCO holds Parts Manufacturer Approval (PMA) from the Federal Aviation Administration (FAA) for Thrust Reverser Heat Shields on the Boeing MD-90-30 and the Airbus A319/A320/A321 with the V2500 engine package.

These Heat Shields not only provide a reduced cost benefit as compared to the OEM, they also are improved to provide a better fit for quicker installation times.

<u>HITCO P/N (PMA)</u>	<u>OEM P/N</u>	<u>Description</u>	<u>Application</u>
HC-740-0220-343	740-0220-343	Shield-Heat, AFT LH	A319/A320/A321
HC-740-0220-345	740-0220-345	Shield-Heat, AFT RH	A319/A320/A321
HC-290-0817-93	290-0817-93	Blanket, Insulation – Aft – Upper LH	MD-90-30
HC-290-0817-107	290-0817-107	Blanket, Insulation – Aft – Lower LH	MD-90-30
HC-290-0817-94	290-0817-94	Blanket, Insulation – Aft – Upper RH	MD-90-30
HC-290-0817-129	290-0817-129	Blanket, Insulation – Aft – Lower RH	MD-90-30
HC-290-0817-91	290-0817-91	Blanket, Insulation – Ctr – Upper LH	MD-90-30
HC-290-0817-159	290-0817-159	Blanket, Insulation – Ctr – Lower LH	MD-90-30
HC-290-0817-121	290-0817-121	Blanket, Insulation – Ctr – Upper RH	MD-90-30
HC-290-0817-127	290-0817-127	Blanket, Insulation – Ctr – Lower RH	MD-90-30

The **HITCO Advantage**

- **Improved Product fit**
Problems are addressed with launch customers and corrected.
- **Reduced Installation Time**
Reduction in hand touch labor during the installation procedure (Cost benefit)
- **Superior Customer Service**
Immediate order response
Full Engineering support
Large Product Inventory
Worldwide Distribution
AOG Support **WENCOR**
